BENEFITS

Ease of Access & Ordering

Provide quick and easy access to corporate approved branded merchandise to your employees and network. Quickly place orders online at anytime.

Control Branding

Brand integrity is ensured through the centralization of purchasing. All branded merchandise is approved through your corporate office to ensure that logos and merchandise are of the best quality and meet your corporate branding guidelines.

Minimize Administration

Online company stores greatly reduce the amount of time spent ordering branded merchandise. Your company will have instant access to corporate approved branded merchandise 24 hours a day, seven days a week.

Control Spending

Online Company Stores enable your corporate office to set budgets and approval processes throughout different departments and locations of your company.

BENEFITS

Control & Reduce Costs

Lower costs are achieved through the centralization of purchasing to maximize your company's purchasing power. Soft costs are also reduced by eliminating duplication of efforts to purchase similar merchandise. Costs can be controlled by allocating specific budgets to each branch, department or location in your company.

Online Order Tracking

You no longer have to guess when your orders will arrive. All orders can be tracked online 24/7.

Customized Reporting & Functionality

Reports are built to meet your company's exact reporting requirements. Customized solutions are quickly developed in a matter of a few days, not months.

Same-day Shipping

All orders placed before 3 p.m. ship same day, guaranteed.

Let's discuss your organization's online company store goals and requirements.
